Profile

Janice Mulligan is a California attorney, expert witness and consultant on issues related to California privacy laws and the intersection of health care and technology.

Janice is a member of the international Lexing® network of attorneys, headquartered in Paris, France.

Skills

Janice Mulligan enjoys strategic planning and implementation involving cutting edge issues relating to the intersection of health care and technology. Such issues include Telemedicine/Telehealth, big health data, Artificial Intelligence (including ChatGPT) and the Medical Metaverse. Janice also has experience in California privacy laws, which serve as the gold standard for the United States.

Janice is an experienced trial lawyer in litigation arising out of health law issues including medical malpractice, medical fraud, class actions and health data privacy breaches. While representing consumers, she also served as an adjunct professor at the University of California San Diego, frequently lecturing on medical ethics and Telemedicine/Telehealth.
